

DEMOCRATS WILL CAUCUS WEDNESDAY

Will Discuss Plans of a
Settlement by Election
of Sherman and Lewis

NO AGREEMENT POSSIBLE

End of Negotiations, Believed to
Have Been Reached Between
Republicans and Progressives

DUNNE ATTITUDE UNCHANGED

SPRINGFIELD, ILL., FEB. 21.—Frank H. Funk, Progressive candidate for United States senator was a caller at Governor Dunne's office today. He spent fifteen minutes closeted with the executive and departed immediately for Bloomington without making any statement. Governor Dunne said later that the incident had no political significance. Senator Funk told him of the political situation as it appears from his viewpoint, Governor Dunne said but there was no proposal or talk of a dicker on the senatorships. The governor said he had committed himself in support of a combination of Democrats and Republicans with the object of electing Colonel Lewis to the long term senatorship and Judge Sherman for the short term. If at any time the shifting of political currents he deems it advisable to change his views, he will at once take the public into his confidence again and make a statement of his views and suggestions.

Colonel Lewis spent the day in the city and expects to remain over tomorrow. He also was in conference with Governor Dunne in the course of the day, thrashing out the situation on the senatorships. It is reported that forty-eight members of the Democratic side have attached their signatures to the agreement to join in a Democratic conference to be held next Wednesday night to discuss plans for bringing about a settlement of the double deadlock by the election of Lewis and Sherman. While the stipulation to which the Democrats are attaching their signatures does not specify the long term for Colonel Lewis, it does state "in accordance with the suggestions offered by Governor Dunne," which the governor takes to commit the signers definitely to Colonel Lewis for the long term.

No Agreement Possible.
The opinion is general among members of the general assembly in Springfield today that yesterday's failure to elect Judge L. Y. Sherman and Frank H. Funk to the United States senate marked the end of negotiations between the Republican and Progressive sides. It is expected, of course, that some of the close friends of Judge Sherman and Senator Funk will continue their efforts to get the two parties together in the support of these candidates. The belief appears general, however, that most of the Republicans and Progressives have decided that such a combination is impossible and will not entertain plans for further effort in this direction.

Members of the Democratic side who are friendly to Colonel Lewis are making the most of the failure of the Sherman-Funk combination. The fact that several of the anti-Lewis Democrats were reported to be ready to add their votes to the Republican and Progressive combination is being utilized by some of the Lewis Democrats to create the belief that some sort of a deal existed between the Roger Sullivan Democrats and the Republicans, whereby the Sullivan Democrats were to throw their strength to Sherman and Funk.

Leaders Disagree.
Leaders of the Progressive forces do not agree with the Lewis Democrats in this position. They are of the opinion that the support of the Sullivan Democrats was to come voluntarily, because the Sullivan wing of Democracy was anxious to prevent the election of Colonel Lewis or any other Democratic senator.

With Sherman and Funk in the United States senate, it is pointed out, the Sullivan Democrats would expect to control the federal patronage in Illinois, through the national and state committees, in both of which Sullivan is in control. If Colonel Lewis is elected to the senate he will control this state's share of federal patronage and it will be distributed, of course, among the anti-Sullivan Democrats.

Not Sincerely For Funk.
Leaders of the Republican side declare that the reason the Progressives failed to elect solidly in the combination to elect Sherman and Funk is because they are not sincerely for Funk. There are several Progressive aspirants for the United States senatorship, they say, and the ambitions of these rivals will not permit Funk to win.

Should Funk be elected now, he would naturally be the Progressive candidate to succeed himself two years hence. It is this fact, in the opinion of several of the Republicans that a combination of the Sherman

Dr. Russell Testifies Before Sulzer's
Committee of Inquiry That Offer
For Thaw's Release Was Made
During Latter Part of 1912 By
Lawyer.

ALBANY, N. Y., FEB. 21.—Dr. John W. Russell, superintendent of the Matteawan State Hospital for the criminal insane, testified today before Governor Sulzer's committee of inquiry that he had been offered \$20,000 if he would release Harry K. Thaw. The offer he said was made during the latter part of 1912 by a lawyer, whose name he could not remember, in an "uptown hotel" in New York City and was refused.

This testimony was developed during an investigation of reports that William F. Clark, secretary of the committee recently had requested Dr. Russell to release Thaw on the ground that such an action was desired by Governor Sulzer. The governor himself stated previously that he had authorized no one to make such a request.

Dr. James V. May, chairman of the state hospital commission another witness told of having been approached by Clark several days ago with the same request.

Clark, when sworn to, denied having told either Dr. Russell or Dr. May that the governor wanted Thaw released. He said, however, he had visited Dr. Russell while investigating a report that the latter had received \$25,000 to free Thaw.

EMPRESS DOWAGER OF CHINA IS DEAD

Widow Emperor Kwang Su Died
This Morning After Illness of
Short Duration.

Peking, Feb. 22.—Ye Ho Na La, empress dowager of China, died at 2:30 o'clock this morning. She was the widow of Emperor Kwang Su, who died November 13th, 1908.

The empress had been ill only a few days. The actual cause of her death is unknown, but it is said the symptoms of her ailment resembled appendicitis. She was attended only by a Chinese doctor.

The former imperial family was about to remove to the inner portion of the Forbidden City in order to make room for the government in the eastern portion.

NORTH DAKOTANS TO DINE.

Washington, Feb. 21.—The North Dakota association of the District of Columbia has completed arrangements for the annual meeting and banquet at the National hotel tomorrow. The occasion will mark the 24th anniversary of the admission of North Dakota to the union and the seventh anniversary of the organization of the association.

the support of anti-Lewis Democrats. Colonel Lewis' friends declare today that the only possibility of a Lewis-Sherman combination is on the basis proposed by Governor Dunne, giving Colonel Lewis the long term. They say positively they are "last ditchers" and would prefer to go down in defeat supporting their candidate for the long term than to vote to send him to Washington for the short term.

McKinley to New York.
Speaker McKinley left Springfield early this morning for Chicago. He intends to leave there this afternoon on the Twentieth Century Limited for Ft. Townsend, N. Y., whither he goes as the personal representative of Governor Dunne at the unveiling of a statue tomorrow afternoon.

The speaker intended to remain in Springfield through the present week end, working on the standing committees of the house. A large number to house members neglected, however, to submit their list of committee preferences to the speaker before leaving the city and this will seriously handicap his work.

It is the hope of the speaker to be prepared to announce four of the more important house committees next week. These are the committees on appropriations, judiciary, elections and rules. If these are announced much of the work of the session can be taken up without further delay.

Governor Dunne will leave Springfield tomorrow morning, together with a corps of legislative newspaper correspondents, for Peoria, to attend the Washington banquet of the Creve Coeur club tomorrow night. The governor will be the principal speaker at the banquet.

Lieutenant Governor O'Hara will deliver an address in Springfield tomorrow night, at a banquet given by Springfield Chapter, Daughters of the American Revolution.

House.

Met at 10:30 a. m.
Resumed debate on sundry civil appropriation bill.

Shipping, trust investigating committee continued its hearing with Bernard N. Baker testifying.

Provision for two navy colliers was stricken from sundry civil bill.

Adjourned at 6:32 p. m., until 10:30 a. m., Saturday.

WASHINGTON, FEB. 21.—An economy conference of about 30 Democratic representatives tonight threatened an active fight for reduction in the \$146,818,000 naval appropriation bill and to punish the chairman and majority of the naval committee by shaking up the personnel of that body when the house re-organizes in the next congress. Representative Krichen of North Carolina, a member of the ways and means committee, offered a resolution for reorganization of the naval committee which the conference did not act upon, but he gave assurance of Democratic cooperation with the conference in its policy.

The naval bill was called up in the house late today but an effort to rush it through at a night session was blocked by an objection by Representative Carey of Wisconsin. Then the house adjourned with the purpose of majority of the committee to secure a rule to expedite passage of the bill. The economy advocates, however, had meantime pooled the rules committee and at the conference tonight announced positively that there would be neither a rule nor a filibuster.

Public Building Bill.

Approximately \$20,000,000 has been added in the senate committee to the authorizations of the omnibus public building bill, which, as it passed the house, carried \$25,000,000.

Baker Examiner of Mint.

Jasper N. Baker, native of Indiana today was appointed examiner of the mint. Mr. Baker who thus becomes virtually assistant director of the mint has been connected with the treasury department for many years.

Sundry Civil Bill.

The sundry civil bill appropriation bill carrying a little more than \$113,000,000 passed the house today.

Anti-Trust Legislation.

Anti-trust legislation of a radical character is to be recommended by the senate committee on interstate commerce in a report early next week. Amendments to the present laws will be urged to take away from the supreme court the "discretionary power" it now exercises in administering the Sherman law and to define clearly certain forms of illegal combination so business interests will know when they are violating the law.

Merciless Repression Policy.

Provisional President Huerta's peace program as outlined to the newspaper men if carried out means merciless repression, if repression should be necessary. In effect it is a promise to use the iron hand policy employed so effectively by Porfirio Diaz when he was president. It is regarded by most people as certain to be needed, but the skeptical express doubt as to its efficacy, at least for a long time.

While an emissary has been sent to Coahuila to confer with Governor Carranza, most persons believe that the influence of Madero's brothers

MAJORITY MUST DEMAND CONVENTION

REPUBLICAN CONVENTION MUST BE
DECEADED BY MEMBERS

Chairman Hilles Will Not Issue a
Call For the Committee to Consider
a Special National Convention
For Next Fall Without a Majority
Desire It.

WASHINGTON, FEB. 21.—Until a majority of the members of the Republican national committee express a desire for a national convention of the party to revise rules and change the basis of the southern representation, Chairman Charles D. Hilles will not issue a call for a meeting of the committee to consider the subject.

This is understood to be the attitude of the national chairman as expressed to Republican leaders who have been discussing the projected convention. Few members of the national committee have definitely committed themselves to the convention plan thus far but it has become the subject of general discussion among Republican leaders in congress, and it is believed the support gained for the plan will result in a general request for a national committee meeting to consider methods of bringing the Republicans of all states together.

Should Chairman Hilles decide to call the committee meeting it probably will be held early in the spring, so that steps can be taken to have a Republican national committee assembly by September if desired.

STATE AUDITOR HAS "RUN ON BANKS"

Slavis State Savings bank of Slavis, Rock Island county; capital \$25,000.

Incorporators—Richard Walsh, J. C. Bahak, William Jones, B. F. Griffith, George Newton, John C. Koch and Oscar Johnson.

PRESIDENT TAFT LEAVES FOR NEW YORK

Washington, Feb. 21.—President Taft left Washington at 12:30 this morning for New York for a two day stay. Mrs. Taft accompanied him. The president this afternoon will witness the inauguration work on the memorial to the American Indian at Fort Wadsworth, N. Y., and speak later at a banquet of the American peace and arbitration league, returning to Washington Sunday night.

MRS. MARSHALL OPPOSED TO WOMAN SUFFRAGE.

Indianapolis, Ind., Feb. 21.—Vice-president-elect and Mrs. Thomas R. Marshall, to day returned to their home here from their vacation in Arizona. They immediately began preparations for moving to Washington.

Governor Marshall, speaking as an individual, expressed himself as opposed to intervention in Mexico, and Mrs. Marshall declared she is opposed woman suffrage.

IOWA Y. M. C. A. MEETING.

Ottumwa, Iowa, Feb. 21.—The biennial convention of the Young Men's Christian associations of Iowa began in this city today and will continue over Sunday. The attendance includes several hundred delegates, representing city, college and railroad branches of the organization throughout the state.

WILL FIGHT ENTRY IN HIGHEST COURTS.

Washington, Feb. 21.—It was definitely decided today that the right of Cipriano Casca, former president of Venezuela, and Edward F. Mylius, convicted in London of libeling King George, to remain in the United States as visitors, will be contested by the government in the highest courts.

In that district will make peace without a struggle impossible.

Against New Government.

The killing of Gustavo Madero practically assures the co-operation of Governor Villareal, Gustavo's father-in-law, of the adjoining state of Nuevo Leon on the movement against the new government. That either ex-President Madero or ex-Vice President Saurez will be executed is not probable, but a group of deputies will make an earnest effort to fix upon Madero the responsibility for the alleged disappearance from the national treasury of much money.

The first reception of the diplomatic corps was held today. President Huerta, replying to a brief address made by Mr. Wilson, the American ambassador as dean of the corps, said earnest efforts would be made to restore peace as quickly as possible. He also expressed appreciation for the attitude of foreign governments toward the new administration.

HUERTA FACES NEW REVOLUTION

Three Governors Have Re-
fused to Recognize the
New President

GEN. DIAZ COMING HOME

Exiled President is Now on His
Way to Mexico--Will Not
Mix in Politics

HUERTA "WILL HAVE ORDER"

MEXICO CITY, FEB. 21.—It is certain that the new administration in Mexico must deal with a new revolution in addition to the remnants of the old one. Three governors of states in the republic formally have refused to recognize provisional President Huerta and two or three others are doubtful.

Venostiano Carranza, governor of Coahuila, with 1200 men, is working with Emilio and Raoul Madero, brothers of the deposed president, who are at San Pedro, Madero's old home near Saltillo, which is Carranza headquarters.

Jose Cayon, governor of Sonora, has telegraphed from Mexicali to Governor Maytorena of Sonora, offering him 3,000 men and 2,000,000 pesos to restore Madero to office. Governor Maytorena has telegraphed the senate and provisional President Huerta repudiating the new administration.

The governor of Yucatan, ignorant of the death of Gustavo Madero, has wired him offering the services of 12,000 men and money to assist in a new revolution. What will be done to assist former President Madero has not yet been determined. General Azcona, Madero's private secretary, was today reported shot but the report proved untrue.

Diaz Coming Home.

General Porfirio Diaz, ex-president, who has been in exile in Europe, is coming home. There is not the slightest possibility that he again will mix in the politics of Mexico, but his enforced exile is ended. He will be here not later than April 2.

Mexico City, Feb. 21.—That the new administration in Mexico expects to use the methods of Porfirio Diaz so far as is possible in governing the country was made evident today in a conversation with provisional President Huerta.

Huerta's Declaration.

President Huerta declared that no matter what the cost should be or who the men were who paid it, peace would be restored in Mexico. He said it was his ambition that when he left the presidency people would say of him "he has restored order throughout Mexico, made safe the investment of money and rendered secure the lives and interests of all, both foreigners and Mexicans."

Calmly and dispassionately General Huerta outlined his program for the use of the army in restoring and maintaining order. He admitted that in many parts of the republic where the change in government had not been received all was not in accord with peace. To these sections, he said, he would send emissaries in an attempt to bring about order or, if necessary, troops would be despatched to them to inform the people of the government's desires.

Old Regime in Power.

The news that Porfirio Diaz was returning to the land from which he was driven by Francis I. Madero was not difficult to believe after the scenes in the national palace today, when men went about the palace who had not been there since General Diaz went out of office.

It was evident the men of the old regime were again in the ascendancy with the support of a great number of those who attained prominence during the Madero rule and who, disgusted at the continued warfare, were ready to support any one even though it be the old conservative element.

Felix Diaz was today among the callers and interested spectators at the official reception of the government commissions. His only participation, however, was that of a private citizen, a role he has assumed. He is not idle though. Already he and close friends have set in motion the machinery and the party work for his political campaign which it is hoped by the new administration will be finished in a short time.

General Pascual Orozco, Jr., is expected to arrive here soon and espouse the cause of the new administration.

RESIDENCE OF ROBERT CLEMENT DAMAGED BY FIRE FRIDAY MORNING

Firemen Told That Flames Were Ex-
tinguished When They Arrived
First Time.

Friday morning about 7:30 o'clock the residence of Robert Clement on South Main street caught fire from defective wiring in the dining room, and it was at first thought that the flames were extinguished, but the blaze broke out again and the residence was badly damaged before the fire was out.

When the firemen arrived the first time they were informed that the fire was out and they returned to the department. About 8 o'clock they were again called to the Clement residence, the blaze having gotten in between the ceiling of the first floor and the flooring of the second and burned over to the side walls and the roof. The firemen made a quick response and soon had the fire under control. The damage to the building is estimated at \$600 and the loss is covered by insurance. Mr. Clement was very thankful to the friends and neighbors for their assistance and to the firemen for their good and prompt work.

SPECIAL SERVICE FOR MEN IN NEW I. O. O. F. HALL.

A special service for men will be held in the new Odd Fellows building Sunday afternoon at 3 o'clock. There will be a special sermon by Rev. Hy S. Alkire on the subject of "Ticks," which he has given successfully on several occasions in the past. There will be music by Mrs. W. P. Duncan and Miss Mary Lind and a trombone solo by Harold Johnson. All men will be cordially invited.

COL. FRANK S. WOOD INSPECTS COMPANY B.

Friday evening Col. Frank S. Wood of Quincy held an inspection of Company B, of this city and was highly pleased with the work of the company and also gave them an excellent talk. Following the inspection the members of the company and Col. Wood were guests of Capt. L. P. Owen at an oyster supper given at the Batz Cafe on East State street.

After the supper Capt. Owen called on Col. Wood for a few remarks and he responded with the work of the company and with rapid attention. He explained to the men the advantages of being a national guardsman and also that orders from headquarters were made for the personal good of each man in the service and not for the purpose of having the officers show their authority with the object of keeping the men busy. He praised their work and said that they had the material in the local company to make it the best in the Fifth infantry, and urged them to exert their efforts to bring it up to such a standard.

Col. Wood will be a guest of Capt. Owen until this evening when he will go to Springfield at 8:25 o'clock.

U. S. WILL DEMAND TRIAL FOR MADERO

Government Will See to it
That Fallen Ruler
Gets Justice

KNOX'S ANNOUNCEMENT

Secretary Declares Mexico
Must be Civilized in the
Treatment of Prisoners

MEXICAN SOCIETY DEBATE

WASHINGTON, FEB. 21.—Intervention of the United States government to secure justice, or at least a fair trial for fallen President Madero of Mexico, as announced by Secretary Knox at the cabinet meeting today, was an unexpected development of the state department's policy in regard to that republic. As recently as yesterday it was announced that there was no intention to depart from the policy of non intervention in Mexican troubles.

It appears, however, that this statement was based upon the natural assumption that the newly established Mexican government would observe the amenities of civilized warfare in its treatment of prisoners of either high or low degree, and when the killing of Gustavo Madero gave ground for genuine apprehension for the fate of the ex-president, it was felt that the time had come to stretch forth a restraining hand.

At Mexican Society.

New York, Feb. 21.—"Unless some strong hand or power restores the order which it has been impossible for the Mexican people to restore in the last few years," United States Senator Fall, a member of the senate foreign relations committee, declared in a speech before the Mexican society here tonight, "conditions will obtain throughout Mexico that are worse than it is possible to imagine."

Conditions in the Republic to day, he said, are such that there are whole states which, if peace were restored tomorrow, would be long prostrated from the turmoil and destruction that have prevailed for two years.

Senator Fall was followed by Alfonso L. Jimenez, Mexican consul in this city, who declared Senator Fall was woefully misinformed, regarding conditions in Mexico. The republic is not in ruins, he declared, nor is it facing anarchy. The Madero regime he described as "very safe" but it had taught Mexico that the country is not yet ready for the form of government of the United States. Senator Jimenez prophesied that Porfirio Diaz will return and give Mexico's new ruler the benefit of his experience but will not seek the presidency because of his age. Peace will reign in Mexico within a year, he declared and the country will be prosperous.

HELD SUCCESSFUL SUPPER

A committee from the ladies aid society of Centralia church gave a very successful supper at the church Friday afternoon and evening, from which they realized more than \$25. The tables were very prettily decorated, a miniature cherry tree being placed on each and the dining room was decorated with flags. About one hundred people were served and the menu was one that caused a great deal of praise from those served. The supper was faultlessly served by a corps of lady waiters dressed in Colonial costumes. The committee in charge of the supper was composed of Mrs. Carrie Phillips, chairman; Mrs. Louis Cully, Mrs. L. H. Clampton, Miss Winnie Wackerle, Miss Anna Hodgson, Miss Olive Hodgson and Miss Clara Ranson.

"BARGAINS"

The wise buyer will not be caught by an adroitly worded advertisement offering flour at bargain. Bargain in flour are as scarce as white black bird. "Pure" high grade flour is as staple as silver dollars. There is rarely a fluctuation of over more than a cent a bushel in wheat in any one day.

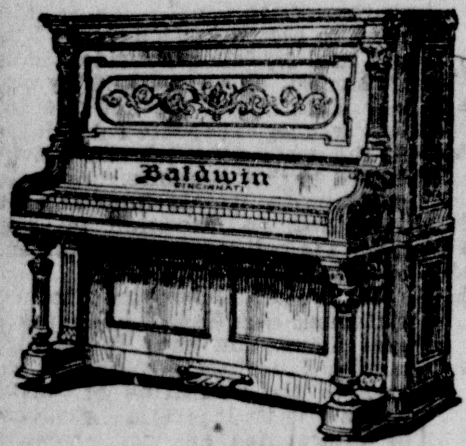

If flour is offered for a greater difference it will be grounds for suspicion. The buyer of alleged "bargains" gets just what he pays for, but it will not be a bargain because it will not be made from sound wheat.

Our "White Lily flour" is absolutely "pure" and "high grade" made from sound wheat and not a lower grade flour artificially treated or bleached to bring it up to standard. It is absolutely pure. Do not permit any one to offer you an imitation or substitute for White Lily Flour at a so called "bargain"

What the One Price, No-Commission Plan of Selling Pianos Means

TO THE PURCHASER

1st: That every piano in our store is marked at the very lowest cash price that pianos of such quality as we handle can be sold for any time and any place.

2nd: Being out of the high rent district, employing no salesmen, tuners or expensive

help enables me to sell at one small factory profit. I am in a position to make the lowest possible prices on high grade standard pianos.

3rd: We are proud of the fact that we are exclusive representatives of the Famous Old Reliable Baldwin Line of Pianos and Player-Pianos. Such makes as Baldwin, Ellington, Hamilton, Howard and Monarch pianos, need no introduction to the purchasers of high grade pianos anywhere in the civilized world. Names that have been the standard for fifty years of successful manufacturing. Pianos that can only be represented by reliable dealers. These pianos have a certain commercial value, both to buyer and seller and can't be "peddled" at fifty different prices.

4th: Our terms of payments enables anyone to enjoy a piano while they are paying for it. You pay no more than the cash buyer, except a small rate of interest to pay expense of bookkeeping. Have just received a shipment of the new 1913 styles which we would be glad to have you inspect.

GRAIN DEALERS ASSOCIATION CLOSE SUCCESSFUL CONVENTION

A. N. STEINHART OF RANSON SUCCEEDS J. A. Mc CREERY AS
SECRETARY

Hon C. V. Miles of Peoria Gives Splendid Address on "Liability Laws"—S. C. Shaw Speaks on "Terminal Market Conditions"—Resolutions Adopted—Delegates Visit Various State Institutions.

The Farmers' Grain Dealers' association of Illinois closed their tenth annual convention Friday at noon. The three days' convention was one of the most successful in the history of the organization and throughout was marked by a splendid spirit of enthusiasm and progress. It was the intention to hold a short session yesterday afternoon, when there would be talks on the growth of the association by well known delegates, but many of those who would take part were anxious to get home and others wished to visit the various state institutions so the afternoon meeting was not held.

Announcement was made of the appointment of A. N. Steinhart of Ranson to succeed J. A. McCreery as secretary of the association. Mr. Steinhart was for a long time a railroad agent and operator, but for the past four years has been manager of the Farmers' Elevator company of his home place. The directors in choosing him believed that his knowledge of freight rates, of his general information about railroads coupled with his experience in the grain business would fit him for the post.

J. A. McCreery, the retiring secretary of the organization was one of the original members of the association being present at the time it was formed in 1903 in the St. Nicholas hotel in Springfield. Since that time he has been the efficient secretary and no man in the association has had a greater interest in the work and has aided the movement in more ways. His popularity was attested from the fact that he was offered the position unanimously by the directors and that at an advanced salary, but Mr. McCreery did not think the sum tempting enough to keep in the work as he has a great many interests at home which command his undivided attention.

Mr. McCreery in speaking of his connection with the association said in part: "I have a few words to say, if I may be permitted, in regard to my services for the last ten years this association. I have no apologies to offer. I want to thank all the members, farmers, officers of this association for the assistance, friendship and good feeling that has prevailed."

"I want to say to the farmers that with very few exceptions we have had every Board of Directors harmonious and in unity. I want to say further, to all the men that have served on these boards for the last long ten years that every man has realized the lack of funds to carry on the work, like it should be carried on. No man knows better than I the personal criticism that the Secretary has had to take. It has been said that you ought to have a man for secretary who would give his entire time to this work. That he should have an office, all of which has been agreed upon. Ten years ago there was not fifteen farmers' elevators in this state, to day there are three hundred and few more in the state of Iowa. I have not been the means of organizing all of them by any means but I have been the secretary and helped to forward them."

In referring to the proposition of an increased salary, Mr. McCreery says: "I am very sorry to say that I could not consider that proposition or give it any consideration whatever. In the first place the salary is not sufficient, and in the next place, the expenses will be too high for the finances of this association. And I am very proud to add to that, that I was told that if I could see any way in which to increase the finances of this association that they would be glad for me to name my price. I certainly appreciate all this gentlemen."

Pres. Danforth, I wish you success in this coming year and with you, all your supporters, my best wishes. Also that association and officers and my successor. At any time that my services will be of any benefit to you Mr. President and I can so arrange my own affairs I will be at your service and in leaving this association I leave it with the best feeling to my friends."

At the morning session Friday A. C. Rice presided and the first number on the program was a musical selection given by the Illinois College Glee club. It was sung in a manner which made it greatly enjoyed. A prayer was offered by Rev. Clyde Darsie and then the chairman introduced S. C. Shaw of Tallula, whose subject for discussion was terminal market conditions.

Address of S. C. Shaw.

S. C. Shaw of Tallula, spoke on the subject of the "Terminal Market Conditions." His address was practical and considerable ground was covered. He said in part:

"There are certain conditions in the terminal markets that are of vital interest to the country shippers. We have by investigation found that the methods employed in the weighing departments could be improved upon, that the department in a certain terminal market seems to be dominated by a few who are looking only to their individual interest and ignoring sane interest of the shipper. We have also found that the country shipper in this particular terminal is very

poorly protected in the way of a watchman. There are in some instances only one man employed to watch miles of track. We believe that the shippers' interests should be looked after, to the extent that sufficient men should be placed at these team tracks and see that the grain after leaving the car goes directly to the scale. We also find that there are certain commission firms who have been so soliciting and handling co-operative business, that have discriminated against them by bidding the co-operative competitor as much as 2 cents per bushel for the same grain."

"We do not feel that it is to the best interests of the co-operative shippers to patronize such a firm. On the 8th day of Jan. 1913, the Merchants' Exchange held an election in which two tickets were placed in the field. The corn shippers desired to be represented in that market but were bitterly opposed and fought by the same commission firms who are soliciting business from co-operative interests that are furnishing them their profits. These same firms have the affrontery to send their solicitors to the various offices of our co-operative companies and tell you that they are your friend. I consider it an insult to a man's intelligence and the man who has not the moral courage to openly acknowledge the business that he solicits is not the firm to be trusted with a business that is worth from \$500 to \$1,000 per car."

Mr. Shaw read a couple of letters which served the purpose of backing up the statements he made in his strong address. Rev. William H. Mason of Bethany introduced the subject "Our Friends, the Birds," and was heard with especial interest. The speaker is certainly not only a lover of birds, but is also thoroughly posted on the various kinds and classes of birds and their habits and manner of life. From facts and figures which he presented it was shown that birds as a whole, known to the farmers of Illinois do not gain but 15 per cent of their sustenance from grains and so the very large portion of their living is on insects and worms which annoy the farmer and do damage to his land. Mr. Mason, however, made one exception to the list of birds rated as friends of the farmer and stated that the English sparrow could not be so classed. The speaker makes a larger per cent of its living from grains than do other birds and is of less use in killing of harmful insects. Altogether the address was unusual and valuable.

C. B. Miles of Peoria presented the subject of "The Compensation Law and Its Relation to Farmers." This question is one of much interest to farmers, many of whom for some time did not realize that they along with other employees came under its provisions. Some paragraphs from the address are given below. Mr. Miles has without doubt made a special study of the law in its relation to farmers.

Address of Mr. Miles.

Hon. Charles V. Miles of Peoria gave a splendid address on "Liability Law." In part he said:

The change of policy brought about by this compensation act is very important and very marked. Heretofore in case of an accident, the question was, was the employer at fault? Now, as to those industries covered by the act, the question is simply, was there an accident, and it is immaterial whether any one was negligent.

The act provides, in substance, that an employer who is under the compensation act shall pay for injury to the employee which results in death, a sum equal to four times the average annual earnings of the employee, not less in any event than \$1,500.00, and not more in any event than \$3,500.00. The particular amount to be paid in installments equal to one-half the average earnings at the same intervals at which the wages of the employee were paid while he was living.

Amounts to be Paid.

The amount of compensation to be paid for an injury resulting in disability is, in substance, as follows: 1. Necessary first aid, medical, surgical and hospital services and medicines for a period not longer than eight weeks and not exceeding an amount of \$200.00. Also necessary services of a physician or surgeon.

2. If the period of disability lasts for more than six working days, as determined by the physician, compensation equal to one-half of the earnings, but not less than \$5.00 nor more than \$12.00 per week, beginning on the eighth day of disability and continuing so long as the disability lasts, until the amount of compensation paid equals the amount payable as a death benefit.

There are other provisions with reference to disfigurement, partial and complete disability and complete disability. Similar laws in other states have very definite provisions similar to that of an accident insurance policy, fixing the different allowances for the loss of one arm, two arms, one leg, etc., even to the extent of the various joints of the fingers and toes.

Act is Elective.

The present act of Illinois is elec-

tive; that is to say, no employer or employee is bound to accept the provisions of the act and agree to pay or receive the compensation provided. This method by which citizens of a state can accept or reject an act is essentially unsound, since all laws, if proper to be passed, should operate uniformly upon the classes intended to be affected, regardless of the wishes of any individual member of that class. There is a reason, however, why the law was made elective, and that is, because it was feared that without the optional feature the law might be held by the supreme court to be unconstitutional, as a similar law, without the elective feature, was so held in the state of New York. Nevertheless, it is attempted to force the acceptance of the act by employers by the provision in the first section of the law to the effect that if any employer shall elect not to provide and pay the compensation, according to the provisions of the act, he shall not escape liability for injury because of the following reasons:

1. That the employee assumed the risks of the business.
2. That the injury or death was caused by the negligence of a fellow servant.
3. On account of the contributory negligence of the employee.

Definition of "Employee."
Section 21 pretends to explain the term "employee" and says that it shall be held to include "only such persons as may be exposed to the necessary hazards of carrying on any employment or enterprise referred to in Section 2 of this act." Also "persons whose employment is of a casual nature and who are employed otherwise than for the purpose of the employer's trade or business are not included in the foregoing definition." Now, in the case of farmers, their business is that if agriculture, and a workman engaged in repairing or demolishing or doing small structure work on the farm is certainly not employed for the purpose of the farmer's business, and such employment, I believe, would be construed as casual, in the sense of occasional, as casual, in the sense of occasional.

Real Purpose of Act.
The real purpose of the exceptions in Section 21, however, is to exclude from the application of the act employments of a casual nature unconnected with the general purpose of an industry that is carrying on a recognized hazardous business and does not logically apply to the question we are now considering.

A fair interpretation of the first three lines of Section 2, applying the act to every employer engaged in the building, maintaining or demolishing of any structure, is, and I am sure that the intent of the legislature was, to apply the act only to those employers who make a business of construction work. In other words, that the act should be amended by having inserted after the word "engaged" the words "in the business of building or demolishing any structure." Now, the act in its application to railroads does not mention the word "railroad," but covers such companies by the use of the more general term, "in the business of carriage by land or water."

With reference to the carriage by land or water, it has been represented to include the delivery wagons of grocers and other merchants, but in an opinion by Attorney Harper, who drafted the law, it is stated that the words would not include such carriage as was incidental to a non-hazardous industry because the language of the act is "every employer in the business of carriage," although it would apply to all kinds of transportation, whether public or private, if that was the business in which the employer was engaged.

It follows logically, therefore, although the word "business" is not used in connection with construction work, that nevertheless the intention of the legislature was to limit the application of the act to employers who were in the business of construction work.

Few Farmers Accept Act.
The act is elective and upon the theory that it was not intended to apply to farmers, only three or four have filed an election not to abide by the act. If the act applies to farmers, then a failure to reject the act amounts to an election to come under the act. If the act does not apply to farmers, then of course the farmer is under the old system of liability, and could not be held for damages except through his negligence.

The present statute intends to cover only those industries and employments which are generally regarded as inherently dangerous, and is not designed to cover the business of agriculture. This is the first legislation in our state along these lines, and the classification of industries immediately affected is on a tentative, and no doubt other and more extensive classifications will in the future, and possibly at the present session, be recommended to the legislature for action. At the present time no doubt many amendments to the act are, or soon will be, before the legislature for consideration, and I think a very proper amendment, and one which is incorporated in the compensation act of the state of Rhode Island, would be to make clear that the provisions of the act do not apply to employments in domestic service or agriculture, or for small construction or repair work, where only one or two men are directly employed by the owner in work incidental to the owner's business.

Resolutions.
The committee on resolutions has the honor to make the following report:

Inasmuch as the sessions of our convention have been both interesting and enjoyable, due in a large measure to the splendid accommodations and audience room provided for us by the good people of Jacksonville and its city officials:

Therefore, we wish to express our gratitude to the commercial club for advertising the convention and giving a full and fair report of the same; to the merchants of Jacksonville, grain men and others who have advertised in our convention book;

Program of Colonial Music Followed by Display of Revolutionary Relics—Mrs. A. L. Adams Reads Instructive Paper.

The Rev. James Caldwell chapter of the Daughters of the American Revolution held a program of colonial music followed by an exhibition of revolutionary and other old relics at Academy hall, Friday evening.

A paper was read by Mrs. A. L. Adams, "Colonial Relics in Our Midst," an interesting sketch of various historical events of the Revolution illustrated by relics of the occurrences themselves.

The musical program was an excellent one, arranged to suggest patriotic and colonial subjects. It was planned by Mr. William Barr Brown, Jr., and given for the benefit of charity. The musical numbers were as follows:

"To the O' Country"

Miss Mabel Mathews, Mrs. Roberts, Mrs. Gay, Miss Ruth Widenham,

Mrs. A. L. Adams' paper took the form of historical narrative, illustrated by objects which played a part in the events mentioned. The battle of Bunker Hill was illustrated by an old sword carried in the battle by an ancestor of the Hacketts. A brief account of the Quebec expedition in 1776 was made real by references to a diary kept by Major William Hamner, a great grandfather of Mrs. David Reid. A silver watch, the property of Mrs. F. E. Baldwin, which kept time at the battle of Cowpens, seemed to bring that far off event to almost modern times. In describing the battle of Yorktown, Mrs. Adams showed a cannon ball from the battle which was picked up by Major Baumgartner, an ancestor of Mrs. Warren Case. She brought out the fact that modern science has exonerated the general's rank. The massing of facts about distant ancestors was once looked upon as a useless occupation. Eugene has shown that it is a pursuit of the highest profit. It pays us to be able to trace our heritage back to the earliest times. The important part played by blood in determining the characteristics of an individual, which modern eugenic knowledge has brought to light, make needless ignorance of one's ancestry not a virtue but a disgrace.

The D. A. R. is to be congratulated upon the large and excellently representative collection of historic relics which they put on exhibition. A gun was shown which was carried through the revolution by a member of the Ellis family. Of special interest was a table at which Washington dined, at which was placed a chair from the vicinity of the battle of Lexington. This chair was owned by Capt. Edmund Munroe, who served in the French and Indian wars, and later through most of the revolution. It is now possessed by the great grandson of the major, C. H. Russell. Mrs. David Reid had a piece of colonial currency on exhibition, a specimen of the first issue of such currency ordered by the Continental congress in 1776.

A fine collection of colonial money was added to the collection by Mrs. Thomas Worthington. Other interesting articles belonging to Mrs. Worthington were the commissions issued to one of her ancestors, Jonathan Tucker, by DeWitt Clinton, giving him the ranks of lieutenant, ensign and captain.

Of as much interest as actual war relics were some early articles of household use. Among them were a wooden cake mold, belonging to Rev. A. B. Morey, which dates from Knickerbocker times, some luster ware of Mrs. Case's, over a hundred years old, and some old Sheffield ware owned by Mrs. W. R. Huckleby.

Miss Ollie Dunlap was wearing a dress made by her great great grandmother. She had in the collection a sampler made by the ancestor in 1829. Mrs. C. W. Taylor showed some woolen coverlets made near Batavia, N. Y., in 1837.

Many interesting articles were seen in the line of literature. Among the oldest books shown was a Bible of J. Marshall Miller's, published in 1632. Of special interest in the way of newspapers was a copy of the Ulster Co., New York Gazette, containing the account of the death of General Washington.

BROOKLYN CHURCH REVIVAL.

In the absence of Rev. J. A. Bidle, who went to his home in Murrayville yesterday, Rev. Hy S. Alkire had charge of the special services at Brooklyn church Friday night. He took for a subject, "The Humanitarianism of the Gospel," and the meeting was marked by interest. There will be no services today or this evening but a full day is planned for Sunday.

**WILL RECEIVE NO MORE
INSANE PATIENTS**

Oak Lawn Sanitarium is to be Transformed into a Place for the Curing of Kidney and Kindred Diseases.

After sixty days no more insane patients will be received at the Oak Lawn sanitarium, according to a statement made yesterday by J. Sharpe, R. P. Bradley of Chicago, who is owner of the Robinson Springs at Pocahontas, Miss., was in the city yesterday on business with Mr. Sharpe. The springs at Pocahontas are found to contain water that will cure diabetes and other kidney disorders, and the sanitarium is to be transformed into a place for the treatment of such diseases. A number of Chicago as well as Jacksonville people are to be interested in the project and the plans for the change have been under contemplation for some time. The association expects to get out a booklet soon, telling of the work. Several people in this city have been using this mineral water.

GRAIN DEALERS VISIT SCHOOL FOR BLIND.

Delegates to the Farmers' Grain Dealers' Association were entertained at the State School for the Blind Friday afternoon at 2:30, with a demonstration of the work at the school and a musical program.

The program was opened by an explanation of the system used in the school for teaching the blind and this system was demonstrated by reading and writing from the kindergarten department, showing the simple devices called the slate and stylus, used in writing the American braille. Next followed a demonstration of the speed ascertained in stereotyping characters done by the use of the Hall Braille Writer and showing how blind people can use the Remington typewriter as efficiently as seeing people. These demonstrations were followed with a delightful musical program consisting of piano solos, violin, quartet and vocal numbers and choral work. At the close of the program a number of visitors made a few remarks, among them, A. C. Rice of this city and W. B. Freeman of Chicago, expressing appreciation for the entertainment and also telling of their surprise of the accomplishments of the pupils in the school.

Re-elected treasurer of the Grain Dealers' association.

GRAIN DEALERS CLOSE SUCCESSFUL CONVENTION

(Continued from Page Two.)

to the good people of this city who
have generously opened their homes
for the accommodation of delegates;
to Illinois Woman's college and other
schools located here for their
magnificent music and other enter-
tainments; to the Farmers' Ele-
vator company of Arnold, Ill., for the
part they have taken in making this
convention a success; to the speak-
ers on our program and to every other
person or association which has
assisted us in making this one of
the most enjoyable conventions in
the history of our association.

Resolution No. 2.
Whereas, the wisdom of the pur-
chase of the American Co-operative
Journal for the purpose of making
it the official organ of the co-op-
erative movement of the grain grow-
ing states is shown by the steady
growth of the Journal in circula-
tion and influence in directing and
voicing co-operative sentiment;
and especially in the efficient and
able service rendered in our associa-
tion work; and also in contributing
largely to the success of our state
meetings.

Therefore be it resolved, That we
point with pride to the program al-
ready made toward co-operative
ownership and hereby recommend
to the co-operative public the im-
portance of giving to the Journal
the loyal support necessary to estab-
lish it on the basis of a broad co-
operative ownership. And resolved
further that we urge that each com-
pany of our association subscribe
for the Journal for the entire mem-
bership and to subscribe liberally to
its stock.

And further resolved that we de-
sire to express our appreciation of
the marked ability shown by M. R.
Myers as editor and manager and
the high character and influence
imparted to the Journal under his
management.

Resolution No. 3.
Whereas the growing interests in
co-operative organization among
producers is being met by an awak-
ening of the consumers to the
benefits of an associative effort in
meeting the problems of distribu-
tion;

And whereas our grain growers
are vitally interested in both pro-
duction and distribution and are
endeavoring through co-operative
effort to solve the problems of the
local market, therefore be it resolved
that the Farmers' Grain Dealers' association in convention assembled
continue to urge the necessity of a
legal definition of the term "co-
operative" as applied to production
and distribution, and its enactment
into law. And resolved that such a
law giving legal recognition to the
principle of co-operation and pro-
viding for the organization of such
associations, along strictly co-op-
erative lines and enabling the farm-
ers, grain companies now operating
under our state corporation law to
change their corporate charter for a
co-operative charter without disso-
lution or expense of reorganization.

Resolved further, that the legisla-
tive committee of this association be
instructed to formulate such a co-
operative law and to use all honor-
able means to secure its enactment
into law at the present session of the
state legislature.

Resolved, further, that while
waiting for legal recognition of the
principle of co-operation this as-
sociation recommend that the
companies composing this body
adopt the profit-sharing plan by
which through the medium of a
mutual contract dividends on capital
stock is to be limited to a reason-
able rate of interest and unneces-
sary profits to be turned back to the
stockholders and patrons in prop-
ortion to their contribution to the
same.

Resolution No. 4.
We, the Farmers' Grain Dealers' association of Illinois assembled,
heartily endorse and recommend the
appointment of Hon. H. W. Danforth
of Washington, Ill., as a member of
the railroad and warehouse commis-
sion. We call your particular at-
tention to the fact that the agricul-
tural interests of this state are the
largest interests of our common-
wealth, representing 30,000 farmers
and we would therefore request in
behalf of our mutual interests that
you make this appointment.

Resolution No. 5.
Resolved, whereas there is an ef-
fort on foot to secure from the legis-
lature of each state in the union an
appropriation of \$2,400 which shall
be used to defray the expenses of
two delegates who shall be appoint-
ed from said state to visit Europe
during the summer of 1913 for the
purpose of studying rural credit in
particular and co-operation in gen-
eral; and

Whereas, such study will ma-

terially benefit the farmers of Illi-
nois.
Therefore, be it resolved that we
express our approval of the co-
operative commission and petition
our legislature to support a bill
providing for the appropriation.

CONVENTION NOTES.

"Jacksonville's welcome and
treatment was splendid," said one of
the officials yesterday, "and we en-
joyed our stay in your city im-
mensely."

J. A. McCreery, the faithful sec-
retary of the association who was
succeeded by A. N. Steinhart was
kindly remembered by the associa-
tion with a gift of a beautiful hall
clock, similar to that given the re-
tiring president, F. C. Walbaum.

The visiting of the delegates to
the State School for the Deaf proved
a very interesting hour. They visit-
ed the classes of the first, fourth and
fifth years and also visited the in-
dustrial department. Refreshments
were served in the domestic science
department to the visitors. All ex-
pressed themselves well pleased
with the work done at the institu-
tion and of the courteous treatment
shown.

A. N. Steinhart, of Ransom, the
newly elected secretary has been
manager of a string of three ele-
vators in his community. Last year
Mr. Steinhart wrote checks to the
value of over a million dollars, cov-
ering a period of nineteen months
which shows the volume of business
the company is doing.

One of the busy places during the
convention was the Pacific hotel,
which was known as headquarters.
The lobby during the time the con-
vention was not in session was
crowded. Proprietor Snell had his
hands full in looking after the big
crowd. The Pacific turned away
315 delegates which they helped to
place in private families. The
hostelry fed on an average of 285
guests per meal and kept for lodg-
ing an average of 175 men. The
other hotels of the city were also
crowded and every space utilized.

J. C. Abbott who was re-elected
treasurer of the association has
filled that office ever since its or-
ganization. He is father-in-law of
Dr. F. A. McCarty of this city.

Too much praise cannot be given
William Cleary, who acted in the
capacity of assistant secretary. He
rendered valuable assistance and
was complimented highly by the
delegates and officials.

TRADE SITUATION ONE OF CONFIDENCE

DISTRIBUTION BUSINESS CONTINUES TO EXPAND.

Leading Trades and Industries Show a Steady Growth as Compared With Corresponding Period a Year Ago—Little Speculative Activity.

NEW YORK, FEB. 21.—Dun's Review tomorrow will say:

In volume of distribution business continues on a very liberal scale, although the spirit of conservatism which has characterized the situation for so long a time continues.

While there is a noticeable absence of speculative activity the principal trades and industries show a steady expansion as compared with the corresponding period a year ago. The retail demand for the leading textiles displays activity.

Bradstreet's Report.

New York, Feb. 21.—Bradstreet's tomorrow will say:

Under the stimulus of an early Easter, mild weather and widespread evidence of active crop preparation, jobbing trade and spring distribution generally continue to expand. Railroad operations, relieved of the fear of a firemen's strike and unhampered by severe weather are active and industry, except where affected by strikes, is of a full volume. The trade situation generally is one of confidence.

The other side of the picture, however, is shown when prospects for the more distant futures are considered, except in some sections and there is evidence of conservatism.

Business failures for the week ending February 20th were 325 which compares with 238 in the like week of 1912.

BANK CLEARINGS.

New York, Feb. 21.—Bradstreet's bank clearings report for the week ending Feb. 20th shows an aggregate of \$3,732,720,000 as against \$3,029,537,000 last week and \$2,704,889,000 in the corresponding week last year. The list of cities includes:

This preparation relieved that dreadful cough and choking and effected a positive cure in the course of a few days' time." For sale by all dealers.

F. M. RAINS TO SPEAK SUNDAY AT CHRISTIAN CHURCH

A rare treat is in store for all who attend the services of the Central Christian church on Sunday. Nobody who was present will soon forget the man who dedicated the church building on the corner of Church street and West College avenue, seven years ago. F. M. Rains is a striking and original speaker. He convinces the intellect, stirs the fancy and moves to action. On the memorable occasion he brought forth from the crowd a stream of subscriptions so abundant that the people had to be told to stop giving. The announcement that Mr. Rains is to return to Jacksonville and speak at both services Sunday is enough of itself to fill the house.

But when it is added that Mr. Rains has been in China during the past year and has visited the Christian Hospital at Lu Cheo Fu, this adds to the interest of his visit. He is not simply a great orator and church dedicant, he is also an extensive traveler and trained expert in the observation of conditions and needs when he travels. His messages will bring a rare insight into the work the Central Christian church has been supporting for some months, and his many friends here will be glad to give him a loyal welcome back to Jacksonville.

RATE CASE DECISIONS.

Will Likely Be Handed Down By Supreme Court When It Convenes Next Monday.

Washington, Feb. 21.—One or more decisions of unusual importance are expected to be handed down by the supreme court of the United States when the court reconvenes next Monday after a three weeks' vacation. Again the prediction is being made that the decisions in the Minnesota rate cases and the intermountain rate cases are at last forthcoming. Of the two cases most public interest is naturally attached to the so-called Minnesota case. The "intermountain" or "Spokane" rate cases involve the constitutionality of the long and short haul amendment of 1910 to the act to regulate commerce, while the Minnesota case hinges upon the broad question of the power of a state to control the affairs of a company doing an interstate business. The supreme court's decision in this case promises to define more clearly the questionable dividing line between state and federal rights. It was a recognition of the importance of the case from the latter standpoint that caused it to be seriously discussed at the memorable conference of governors held at Spring Lake, N. J., several years ago.

The Minnesota rate case has been under advisement for a long time. They originated nearly seven years ago in the action of the Minnesota railway commission in ordering the railways in that state to make a number of rate reductions, including many of the commodity rates, and reductions amounting to a little more than 20 per cent on the average in the class rates.

An agreement was afterwards reached by the commission and the railways, by which agreement, in consideration of the commission withdrawing the commodity rates it had ordered, the railways agreed to the class rates ordered, accepting them as equitable. Notwithstanding this agreement, action was later taken against the agreed rates in the United States circuit court at St. Paul, the plaintiffs being, not the railway companies, but individual stockholders, the railway companies, however, financing the litigation and the railway lawyers conducting it. The result was a decision by Judge Sanborn that the class rates in Minnesota should revert to what they were before the 20 per cent reductions were made.

The Minnesota railway commission appealed from the Sanborn decision of the supreme court of the United States. The decision of the highest tribunal in the Minnesota case will be of great importance, both in its immediate bearing on the fortunes of the railways operating in that state and in its effect on the wider question of the right of a state legislature or commission to control the affairs of a company doing an interstate business. The decision will apply not only to the Minnesota case, but also to a number of similar cases that have arisen in Kansas, Kentucky, West Virginia, Missouri and other states.

The railways predict with every appearance of genuine confidence that the principle of non-interference by the states with rates, or other matters in connection with the operation of railroads doing an interstate business, will be finally laid down by the highest tribunal. In other words, they expect that the decisive victory won by the Great Northern, Northern Pacific and Minneapolis & St. Louis, when the legality of the rate reductions ordered by the state railroad and warehouse commission of Minnesota was passed upon by the judges of the circuit court, will be upheld by the supreme court of the United States.

CHATS WITH GREAT MEN OF THE CIVIL WAR

STONEWALL JACKSON

The career of Stonewall Jackson was the greatest marvel of the war. A major of artillery at 23, promoted twice in one day in Mexico (once for standing by his guns after all his men had been killed or driven away), it would not have taken a prophet to foretell for him a distinguished martial future. Soon after the Mexican war ill health compelled him to resign from active service and take the quiet position of instructor in a military institute. And it was there I first saw him, when paying a visit to my uncle, Col. J. J. Phillips, who was professor of mathematics there.

"What is she doing here?" he asked coldly in response to my uncle's introduction.

I replied: "My uncle couldn't get off, Major, to come to see us. So we came to see him, as he had to remain at his post."

"It seems to me, Miss, that it would be equally necessary that you should remain at your post, not yet being either out of your primer or your pinafore."

I wanted to tell him that I was reading Caesar, but he continued: "Girls come here ostensibly to see their brothers and cousins, but in reality to dance and catch beaux and interfere generally with the discipline and studies of the whole corps. And if I had entire control I should put a stop to it."

As I remember now, this, to me, unusual welcome did not impress me with the idea of latent greatness, and I think it would have required a bold soothsayer then to foretell fame for Major T. J. Jackson of the Virginia Military institute.

Unlike many puritanical people who apply their rigid rules chiefly to the conduct of other people, Stonewall Jackson might look for tolerance upon the frivolities of his fellowmen; but he yielded nothing to his own tastes except when supported by principle.

When my Soldier lay wounded in Richmond after the battle of Gaines' Mill, Jackson came to see him. I chanced to be there, and when the great general was presented I recalled to him our first meeting. He chuckled and said:

"My mind is still unchanged, young Miss, in regard to the interruption of discipline."

While General Jackson and my Soldier were discussing the battle mint juleps were brought in. Jackson declined, saying:

JEWS OBSERVE FESTIVAL OF PURIM.
New York, Feb. 21.—Jews the world over today engaged in their annual observance of the festival of Purim, a holiday based on the biblical book of Esther, and celebrated as a commemoration of the downfall of Haman, the prime minister of King Ahasuerus of Persia, who, according to the book, plotted the extinction of the Jewish race and was hung on his own gallows that he erected for Mordecai, a leader of the Jewish people at that time.

The plans for the destruction of the Jews conceived by Haman were

"I never touch strong drink. I like it too well to fool with it, and no man has strength enough to touch that stuff with impunity."

Said the maid, springing to the defense of her juleps:

"Scuse me, Marser, but dese yer drams ain't got no impurity in 'em. Nor, suth, dey's noked out er we-all's best' old London-Dock brandy en fum out'n dem bottles kivered over wid cobwebs."

"May I offer you my lemonade, General?" I asked.

"No, Miss, I take my lemons straight," he replied, pulling a lemon from his pocket.

A pet dog belonging to my Soldier's sister came into the room with her and going over to Jackson, laid his head on his knee and looked up into his face. Jackson put back his ears and patted its head. By way of thanking him I said timidly:

"I see you love dogs."

"Does a man ever love dogs, young Miss?" he asked so seriously that I was startled. But I was bound I would not surrender, even to Stonewall Jackson, and replied:

"Dogs love you, at any rate, General Jackson."

"Yes, Miss," he said slowly. "You are right; dogs do love me."

I wondered how dogs could love him when he did not love dogs, and I am still wondering.

The extreme care in dress of my Soldier and other officers with whom I had been thrown was in strong contrast with the "magnificent plainness" for which he was admired. Only once was he ever seen in a brand new uniform and gold lace cap. It was the gift of that prince of cavaliers, J. E. B. Stuart, and was worn at the battle of Fredericksburg. There was fear expressed along the line that "Old Jack was so afraid of his new clothes that he wouldn't be able to get down to business." It is needless to say that the apprehension was dissipated before the day was over.

Stonewall appreciated soldierly qualities in an enemy as highly as in a friend. At the battle of Antietam one of his men was about to fire upon a young soldier. Jackson said: "Stop; lower your gun. I have watched that boy off and on all day. He is too brave to be killed."

Thus did Stonewall Jackson save the life of William McKinley, who was to become twice president of the United States.

Some one said that the Lord had made up His mind that the south should not win and to prevent it He had to remove Stonewall Jackson. To those who most strongly opposed the cause for which he gave up his life the news of the lost battle of Chancellorsville was made more sad by the message: "Jackson is dead."

A foreign paper spoke of him as "one who took to a soldier's grave the love of the whole world and the name of Stonewall Jackson."

frustrated by Queen Esther, a Jewess, and the niece of Mordecai. Esther revealed the plot to the king, her royal spouse, and the perfidious prime minister was put to death. It was ingratitude for this miraculous deliverance that the feast of Purim was established. It is still a day of joyous celebration by the orthodox Jews throughout the world.

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

| | |
|---------------|----------------------|
| Crude Fat | 10.00 to 14 per cent |
| Crude Protein | 52.50 to 60 per cent |
| Crude Fibre | 1.00 to 3 per cent |
| Phosphate | 10.00 to 12 per cent |

What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above. It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

RINGWORM IN RED SPOTS ON FACE

Rough Crust on Top. Continually Worse. Spread Over Face and Legs. Terrible Itching and Burning. Cuticura Soap and Ointment Cured Completely.

Stratford, Iowa.—"Three years ago this winter my seven year old son had ringworm on the face. First it was in small red spots which had a rough crust on the top. When they started they looked like little red dots and then they got bigger, about the size of a bird's egg. They had a white rough ring around them, and grew continually worse and soon spread over his face and legs. The child suffered terrible itching and burning, so that he could not sleep nights. He scratched them and they looked fearful. He was cross when he had them. We used several bottles of liniment, but nothing helped. I saw where a child had a rash on the face and was cured by Cuticura Soap and Ointment and I decided to use them. I used Cuticura Soap and Ointment about one month, and they cured my child completely. I cannot be thankful enough for it is terrible if a child's face is all broken out as was." (Signed) Mrs. Barbara Prim, Jan. 30, 1912.

Cuticura Soap is best for skin and hair because of its extreme purity, delicate yet effective medication, and refreshing fragrance. It wears a 25¢ and gives comfort and satisfaction every moment of its use, for toilet, bath and nursery. Cuticura Soap and Ointment are sold everywhere. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T., Boston."

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

That funny, little, brassy cry that echoes the arrival of the new baby is perhaps the most cherished remembrance of our lives. And thousands of happy mothers owe their preservation to health and strength to Mother's Friend. This is an external remedy that is applied to the abdominal muscles. It relieves all the tension, prevents tenderness and pain, enables the muscles to expand gently, and, when baby comes, the muscles relax naturally, the form is preserved without laceration or other accident.

You will find Mother's Friend on sale at almost any drug store, as it is one of the standard, reliable remedies that grandmothers everywhere have relied upon. With its daily use during the period of expectation, there is no weakness, no nausea, no morning sickness, no pain, distress or strain of any kind. Its influence is truly remarkable, as it penetrates the tissues and renders them pliant and easily governed by the demands of nature. You will be surprised at its wonderful effect and what a grateful relief it affords.

Especially to young women Mother's Friend is one of the greatest of all helpful influences. You will find this wonderful remedy on sale at the store where you trade, or they will get it for you. It is prepared by Broadfield Regulator Co., 136 Lamar Building, Atlanta, Ga. Write them for a very valuable book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

STATISTICS OF CITIES

Census Report on Financial Figures For Cities Having a Population of Over 30,000 in 1910 Made Public.

Washington, Feb. 21.—A preliminary statement of a special report on financial statistics of cities of over 30,000 inhabitants in the United States in 1910 was issued to day by Director Durand, of the Bureau of the Census, Department of Commerce and Labor. The statistics were prepared under the direction of Le Grand Powers, chief statistician for Finance and Municipal Statistics.

The report presents with considerable detail the most important facts relating municipal indebtedness, assets, and public properties of 184 cities. The facts thus presented show that the gross receipts from the issue and sale of city debt obligation during the year 1910 amounted to \$558,982,298, and the gross payments during that period for the redemption and purchase of city debt obligations amounted to \$491,183,243; the excess of receipts, \$157,799,055, being the resultant of the debt transactions of 136 cities which increased, and those of 48 cities which decreased, their indebtedness. Of the 18 cities of over 250,000 inhabitants, 17 increased, and 1, or 5.5 per cent, decreased their debt during the year. The percentages for the cities from 100,000 to 250,000, 50,000 to 100,000 and 20,000 to 50,000 that decreased their indebtedness were 22.0, 20.4 and 37.3 respectively.

The gross debt of the 184 cities at the close of the fiscal year 1910 was \$2,438,908,747; of which \$2,092,577,325 represents the debt of the city corporations; \$57,422,248, that of the independent school districts; and \$78,909,169, that of other divisions of the government of the city. City funds with investments held debt obligations of their own cities to the amount of \$433,866,097, or 17.8 per cent of the total indebtedness of all the cities included in the report. The sinking fund assets held at the close of 1910 for the amortization of debt amounted to \$461,591,650, having been increased during the year by \$33,882,133. The funded debt and special assessment loans amounted to \$2,279,284,838. The report classifies this amount by purpose of issue and by year of maturity. The funded debt, special assessments loans, and revenue loans amounted to \$2,339,932,022, which amount is classified by rate of interest.

Municipal Assets and Public Properties.

The assets and public properties of the 184 cities had a reported value of \$3,919,232,943. These values were reported under the following heads: General city cash, \$190,567,893; assets of sinking funds, \$461,591,650; assets of public trust funds for municipal uses, \$72,731,134; assets of investment funds and miscellaneous investments, \$70,873,283; assets of public trust funds for nonmunicipal uses and of private trust funds, \$12,061,043; and value of public properties, \$2,111,407,040. Of the last named amount \$1,144,007,040, or 53.8 per cent, represents the value of the land, buildings, and equipment of public service of enterprises, and the remainder includes the value of the property of departments, of municipal service enterprises, and of real and other property held as investments.

Mrs. S. S. S. Van Buren St., Kingston N. Y., (full name furnished on application), had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." City Drug Store—J. A. Obermeyer.

BIRTHDAY OF WEALTHY BOY.

Newport, R. I., Feb. 21.—John Nicholas Brown, one of the wealthiest boys in America, son of Mrs. John Nicholas Brown of this city, celebrated his 13th birthday anniversary today. When an infant in arms young Brown inherited the \$2,000,000 estate of his father, the late Nicholas Brown of Providence and Newport. About a week after the death of his father he inherited also the estate of his uncle, valued at an equal amount. Still after he fell heir to one-half of the \$35,000,000 fortune left by his grandmother, Mrs. John Carter Brown.

STANDARDIZATION OF GRAIN GRADES

The following is the text of resolutions for the standardization which was adopted by the Farmers' Grain Dealers' association.

Whereas, the matter of standardizing the grades of grain in the country has been agitating the grain trade for a number of years and is of vital importance to the business of raising and marketing grain, and Whereas, the prosecution of the work establishing a standard grade has been brought practically to a standstill for the lack of sufficient appropriation, thus jeopardizing the movement for an early settlement of grain standardization in this country.

Therefore, be it resolved, that the Farmers' Grain Dealers' association of Illinois in convention assembled respectfully ask that the congress of the United States of America appropriate sufficient funds as will enable Dr. Duval to prosecute his work of investigation to an early conclusion and to the establishment of standard grades of grain in this country, as per petitions presented to the secretary of agriculture, signed and sent by the combined interests of grain raisers and shippers on March 5, 1912.

Resolved, that a copy of these resolutions be sent to the agricultural committee of the United States senate now having this matter under consideration and also to Hon. Shelby M. Cullom, United States senator of Illinois.

Respectfully submitted,
F. S. Bets,
S. C. Shaw,
J. R. McCabe,
Special Committee.

WAR DECLARED

CATARH GERMS Must be Conquered or Health Will be Destroyed.

If you have Catarrh you must vanquish an army of persistent, destructive microbes before you can be healthy.

You might as well choose your weapons, declare war and destroy this army of Catarrh germs right now.

Booth's HYOMEL, a pleasant germ destroying air breathed over the entire membrane will kill Catarrh germs.

Booth's HYOMEL (pronounce it High-o-me) is guaranteed by Coover & Shreve to end Catarrh or money back. It surely is fine for Coughs, Colds and Croup. If you own a little HYOMEL hard rubber pocket inhaler get a separate bottle of HYOMEL for only 50 cents. If you haven't an inhaler secure a complete outfit for only \$1.00. Just breathe it—no stomach dosing.

Corsicana, Texas, Feb. 21.—Corsicana is entertaining for three days a distinguished gathering of religious workers, the occasion being the annual state convention of the Young Men's Christian association. Delegates from every section of the state reached the city this morning and were escorted to convention headquarters at the First Methodist church. Several prominent officials of the international committee are here to address the several sessions, among them Dr. C. A. Barbour of New York, I. E. Brown of Chicago, and A. G. Knebel of St. Louis.

REACHING THE SPOT

It Has Been Done, So Scores of Jacksonville Citizens Say.

To get rid of an aching back. The sharp twinges. The tired-out feelings. You must reach the spot—get at the cause.

In many cases 'tis the kidneys. Doan's Kidney Pills are for weak kidneys.

Jacksonville citizens testify. W. C. Osborne, 455 S. Clay street, Jacksonville, Ill., says: "Doan's Kidney Pills permanently cured me of kidney trouble when I used them in 1909. About two years ago I suffered from rheumatic pains in my back. I was lame and my kidneys did not do their work as they should. I heard other people speak highly of Doan's Kidney Pills and deciding to try them, I got a supply at Armstrong's Drug Store. In several weeks they cured me. I have had no further trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MURPHY-WOLGAST BOUT.

San Francisco, Feb. 21.—Boxing fans are attaching much interest to tomorrow's contest between Tommy Murphy and Ad Wolgast, because of the bearing that the result may have on the lightweight championship. The Harlem fighter has been a contender for the title for years, but has always been just outside the pale of champions. In the half dozen 20-round bouts in which he has engaged since coming to the coast he has demonstrated that he is a much better performer over the long route than in the 10-round bouts in which he made his reputation in New York. If he should manage to get the decision over former champion Wolgast tomorrow afternoon he will naturally be in line for a 20-round contest here with Willie Ritchie for the championship. Today Murphy and Wolgast ceased training and both appear to be in good shape for the mill. Each expresses himself as confident of victory and the consensus of opinion of fight followers prognosticates a fight that will be worth seeing.

I hereby announce myself as candidate for commissioner of Road District No. 6th at election March 4th.

Herman Burmeister.

GET CURRENT FROM KEOKUK.

United Railways of St. Louis Has Contract for Power From That Source.

New York, Feb. 21.—The United Railways company of St. Louis now has made a contract with the Mississippi River Power Distributing company for a supply of hydro-electric power from the development being made by the Mississippi River Power company at Keokuk, Iowa.

The distributing company is a subsidiary of the North American company, which also controls the United Railways. The power requirement of the United Railways in 1912 was 70,000 horsepower, of which 30,000 horsepower was purchased from the Union Electric company and 40,000 horsepower furnished by the generating plants of the United Railways.

Work is under way to prepare the power houses and substations for the hydro-electric power which will be delivered about July 1 of this year. The company is now operating 461 miles of track, of which 318 miles are in the city and 113 miles in the country, outside of the city.

Gross earnings of the company in 1912 gained \$357,125, or 2.99 per cent over those for 1911. The total number of passengers carried in 1912 was 357,388,547, of which 244,376,564 were revenue passengers and 113,001,983 transfer passengers.

OLIVE TABLETS OIL The BOWELS

A Physician's Substitute For Dangerous Calomel.

When you feel that your liver and bowels need help take Dr. Edwards' Olive Tablets, substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects.

Olive Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil colored tablets. Olive Tablets are mild but effective. Safe and sure. Pleasant to take but unfailing in results.

Olive Tablets oil the bowels just enough to start nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

If you want to regain that feeling of joyous buoyancy and clear thought take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25c per box.

"Every little Olive Tablet has a movement all its own."

The Olive Tablet Co., Columbus, Ohio.

PITTSFIELD CITIZENS ORGANIZE THIRD BANK.

For the last several days there has been much talk of a third bank in Pittsfield, but nothing definite was done until last week, when a number of interested gentlemen held a meeting and decided to take the necessary steps for incorporation. The name of the new institution will be the Pike County Trust and Savings bank and the capital stock will be \$50,000, with \$25,000 paid up.

The following will be the incorporators: L. T. Graham, John Siegle, E. J. Strauss, W. E. Williams, A. C. Williams, P. D. Hollis, George C. Weaver, A. R. Foreman, Samuel Williams and James R. Easley. Mr. Easley will be cashier of the new institution. He is now cashier of the bank at New Canton.

Conductor S. L. Miller, Norfolk, Neb., on Bonesteel Division of C. & N. W. Ry. Co., recommends Foley Kidney Pills and says: "I have used Foley Kidney Pills with very satisfactory results and endorse their use for any one afflicted with kidney trouble. They are all right." City Drug Store—J. A. Obermeyer.

HAS ARKANSAS CORN.

W. T. Brown has received a half bushel of corn which was raised on the farm adjoining Mr. Brown's farm in the vicinity of Desarc, Ark. The seed from which the corn was raised was grown in South Carolina where it is said to have originated. The corn grows on a small cob, is white in color and the ears are slightly smaller than the average among the better grades of Illinois corn. The grain covers the cob from end to end and the surface of the cob is entirely covered. The peculiarity of the corn is that it is immune to the ravages of the corn weevil which is an enemy of the growing corn in some of the southern states and it is very prolific. Single stalks have been found bearing as many as nine ears and many have seen upon which there were four or five ears, but the average is two or three ears.

Madam—Whether you need flour today or not, you'll do well to trade with the dealer who sells Zephyr Flour

IN the retail trade, when a dealer gets the agency for Zephyr Flour, it is considered positive evidence that he stands high in his community as a man and high in the trade as a square merchant. It means, too, that the flours in his store are of highest quality.

Zephyr Flour

We have spent endless care, time and money perfecting Zephyr Flour, the famous hard wheat flour of Kansas. We wash it and wash it and grind it and

grind it, watching it all the while. Cooks who use it get a reputation for their bread and cakes, their biscuit and pies.

It is so good, so sure, that we sell it with a positive guarantee to satisfy. Any Zephyr Flour dealer will, on request, return the money paid for any sack of Zephyr Flour that fails to please.

Save the chemist's test certificate of the wheat and flour, found in each sack of Zephyr Flour. It assures uniform high quality or another sack from your dealer or from us.

TRADING DULL ON STOCK MARKET

GENERAL MOVEMENT OF THE MARKET WAS NARROW.

Southern Pacific Broke Below Par For the First Time Since 1908—S. P. Has Been Object of Bear Attacks Since Terms of Harriman Dissolution Were Made Known.

(By Associated Press) New York, Feb. 21.—There were a few weak spots in the stock market today, but the general movement was narrow and trading dull. Speculative sentiment remained bearish, but the bears were more wary and finding that the market offered effective resistance, made little effort.

There was no inducement for operating on the long side and the result was that trading fell to nominal proportions at times, and price movements were hardly worth recording.

Southern Pacific broke below par for the first time since 1908. Large amounts of the stock changed hands around par, but eventually the price yielded and sold as low as 99.

Southern Pacific has been the object of steady bear attacks since the terms of the Harriman dissolution were made known. Publication of the annual report showing smaller earnings, furnished reason for selling although the roads earnings had long been known.

Liquidation of inactive stocks continued, although the effect upon the general list was negligible. Weakness of low price in the railway stocks was a feature of the dealings. Erie sold at 28 1/2, the bottom price since 1911. Southern, Wabash, Wheeling and Lake Erie and Lake Erie & Western also were heavy.

The petroleum stocks declined abruptly.

The week's liquidation of stocks most reflected in the way of a loan contraction in the bank statement, which appeared today. Loans were scaled down over \$29,000,000, and although there was an actual cash loss of \$4,300,000 the surplus reserve was increased by \$4,233,000.

WHEAT MARKET CLOSING STEADY

SHOWS LOSS OF 1/4 TO 3/8 NET LOWER—CORN SHOWS GAIN.

Snow and Rain in West and Southwest More Than Offset the Effect of Export Demand in the Wheat Market.

(By Associated Press)

Chicago, Feb. 21.—Adequate snow and rain in the dry sections west and southwest today more than offset the effect of export demand for wheat. The market closed steady but 1/4 to 3/8 net lower. Corn finished 1/4 to 3/8 up, oats with a gain of a shade to 1/2 and provisions varying from last night's level to 7 1/2-10c decline.

Besides having a bearish influence on the crop outlook the storms interfered with service and were held partly responsible for a lack of buying orders in the wheat pit. Indisposition to increase commitments prevailed to a pair of holidays counted also against the bulls.

Although it developed that exporters of wheat both here and at Omaha were continuing to be industrious the upturn that resulted from the discovery proved strengthening.

Traders gave renewed attention to the fine supply of moisture where most needed by fall sown wheat. In addition, heavier receipts were in sight at Duluth, and there was good authority for a larger estimate in the surplus in Argentina.

Primary receipts of wheat for one day were 794,000 bushels against \$79,000 bushels two days a year ago; wheat and flour clearances equalled 55,000 bushels.

Corn prices hardened because the wet weather delayed rural sales. Big purchases at a big figure to help prices. Oats held up on the strength in corn.

Renewed curtailment of the hog supply at leading centers brought about a bulge in provisions.

BOOST IS GIVEN TO GOOD ROADS MOVEMENT

Bankers' Association Plan Endorsed by Retail Hardware Dealers.

Springfield, Feb. 21.—Good roads for Illinois were given a boost by delegates to the Illinois Retail Hardware association's convention at the final session this morning when they endorsed the good roads plan of the Illinois Bankers' association. The legislative committee reports a recommendation placing the convention on record in favor of the legislation asked by the state bankers for the improvement of highways. The report was adopted without opposition. The Illinois Bankers' association committee on good roads has drafted a measure providing for the establishment of a state highway commission of three members, a state highway engineer, county highway engineers and one highway commissioner, instead of three, in each township. A state aid fund to be used in paying half the expenses of building hard roads and improving dirt roads also is a part of the plan endorsed by the hardware men today.

The convention also adopted the legislative committee's report advocating a "bulk sales" law to safeguard creditors against frauds perpetrated by sharks who buy on credit, sell out in bulk and decamp without paying.

Legislation to curb misrepresentation in advertising was advocated by the convention in the adoption of the legislative committee's report demanding laws on the subject. The act favored by the hardware men would make falsification in advertising a punishable misdemeanor.

Peoria will be the convention city next year. Leon D. Nish of Elgin, secretary of the association, was the speaker at the closing session today. He told in an address on "Our Own Insurance Department" of the benefits that have accrued to hardware men through the organization of a mutual insurance department in the association and particularly discussed its operation with regard to the workmen's compensation act.

Officers were elected this morning in accordance with the slate arranged Tuesday.

Health Warning.

Chilled and wet feet result in congesting the internal organs, and inflammation of the kidneys and bladder, with rheumatic twinges and pain in back, generally follow. Use Foley Kidney Pills. BLUE LAWS UPHOLD.

Springfield and Clinton, Ill., Sunday Ordinances Stand.

"Blue law" legislation has not been entirely outgrown, according to two supreme court decisions announced in which the validity of a Springfield ordinance closing butcher shops on Sunday and in a Clinton ordinance closing moving picture shows in Sunday are upheld. That a city has power to pass such "blue law" ordinances, if ever in doubt is now thoroughly established.

PETITION FOR ORDER TO SELL TIMBER

Elbert W. Ball, Conservator, vs. Eva L. McCormick, insane, to all persons concerned.

Notice is hereby given, that Elbert W. Ball, as Conservator of the estate of Eva L. McCormick, insane, has this day filed in the office of the Clerk of the County Court of Morgan County, Illinois, his petition praying for an order of said County Court authorizing and directing him to sell for cash in hand, at public or private sale as to his may deem best, all the saw timber (except the oak, ash and elm timber heretofore sold), on the following described premises to-wit:

The east half of section ten (10) the whole of section eleven (11), the west half of section twelve (12), and the west half of section (14), all in township nineteen (19), north and range three (3) west in Sunflower county, Mississippi, comprising 1605 acres, more or less, and being the property of his said Ward, Eva L. McCormick; and the court has set Monday, April 7th, 1913, at 9 o'clock a. m., at the County Court Room in the City of Jacksonville, County of Morgan and State of Illinois, as the time and place when and where he will hear said petition and any objections thereto at which time and place any person interested may appear and object to such order, if he sees fit.

Witness, C. A. Boruff, Clerk of said Court, and the seal thereof at Jacksonville, Illinois, this 21st day of February, A. D., 1913.

SEE MUST SERVE SENTENCE.

Evelyn Arthur See of Chicago, head of the Absolute Life cult, must serve an indeterminate sentence in the Joliet penitentiary for enticing Mildred Bridges from her home, by an opinion handed down in the Illinois supreme court. The court affirms the judgment of the criminal court of Cook county. The supreme court's opinion reviews the evidence in the case against See at length and declares that the Absolute Life cult is only a new adjustment of the relation of the sexes and the production thereof of a new race.

LETTER FROM MRS. KEISER.

The following letter was read Thursday night from Mrs. Mary C. Keiser, president of the State Rebekah Assembly, to Caritas Lodge: Chicago, Ill., Feb. 18, 1913.

To the Officers and Members of Caritas Rebekah Lodge No. 625: My Dear Sisters and Brothers—I am sorry that it will be impossible for me to personally attend your meeting tonight, as I assure you it would have been a great pleasure, for an event of this kind seldom comes to a lodge very often. However, as I could not attend, I will ask that my letter be read.

It is a great thing to start out in active life with the determination that you will not be a mere cipher in your community, but a real constructive force; that you will stand for something more than just a mere citizen. When you joined this splendid, active, progressive lodge you took an obligation and promised to do all you could to promote the best interests of the order. Have you, every one, kept that part of the obligation?

There are so few of us who are really and truly enthusiastic; there is only now and then a person that gets thoroughly aroused in our work. Most of us are asleep as to a large part of our ability. If all the ability and enthusiasm of the members of our Rebekah lodges was used to the best advantage, for only one year, in just the one object, that of increasing our membership, just think what a large membership we would have.

Caritas Rebekah lodge has not been asleep. You have all been aroused and enthusiastic in the work of gaining new members; you have made a wonderful gain and have set the standard high and we are all proud of the good work you have done. Such lodges as you is what makes Rebekah Oddfellowship what it is. We have faith to believe that you will keep on in this good work and still greater achievements will be yours. One thing that is the secret of your success is the harmony and good feeling you all have toward each other, which permits you to work together with assuring success. We can do nothing in our great order without the energy of every individual member. The best locomotive ever built would not move a train an inch without the energy of the oil and coal and the engineer to propel it. It is not enough to have great qualities, they must be utilized. Ability is worth only what it achieves and the finest ability in the world will never achieve anything unless helped by will power and the energy that does things.

In this short and busy life we cannot afford to think only of ourselves; we must think of others and be interested in the things that are

really worth while. If we become interested in good, helpful things we forget ourselves and do for others, which is the best after all. We are engaged in the noblest work ever given to women to do in caring for the old people and orphans of Odd Fellowship. When a person wants to accomplish a purpose, they should look upon themselves as the only producer of the results toward which their ambition aims; they should believe that they are the only ones to accomplish the set purpose. You have a sister in this lodge who believed she was the one to win the prize offered and set her aim and effort with the reward sought for. You have many good enthusiastic hard working members in this lodge and I am glad you have won the prizes you set out to win. To Caritas Rebekah Lodge No. 625 I take great pleasure in presenting to you this banner as a reward for your splendid gain in membership, the colors being emblematic of steadfast friendship and eternal love. Sister Myrtle Tandy, warden of the Rebekah Assembly, I also take great pleasure in presenting to you this silver set as a reward to you, as a personal prize in securing second place in the number of members you have procured and I want you to feel that it is also a token of my personal appreciation for your valuable assistance to me in helping me to make the year 1912 one of the very best.

May C. Keiser.

W. S. Skelton, a merchant at Stanley, Ind., says he would not take \$100.00 for the relief a single box of Foley Kidney Pills gave him. "I had a severe attack of kidney trouble with sharp pains through my back and could hardly straighten up. A single box of Foley Kidney Pills entirely relieved me." City Drug Store—J. A. Obermeyer.

WILL RESUME CAMPAIGN FOR
WOMAN'S COLLEGE FUND

Workers Enthusiastic When Dr. Harker Announces That He Will Give \$6,000 of \$15,000 Needed—Canvass Must Begin at Once if Mr. Strawn's Offer is Met.

A conference of men and women who helped in the beginning of the campaign for funds for Illinois Woman's college was held last night at a supper served at the Peacock Inn. E. E. Crabtree presided and Dr. Harker made a frank and pointed statement about the condition of the campaign. He said the pledges made totalled \$45,177 and that of this sum that only about \$900 has been given in the county outside of Jacksonville. In order to secure the \$10,000 pledged by Mr. Strawn the college must have \$60,000 by March 1st here in Morgan county. Dr. Harker then emphasized the fact that only about one week remains until March 1st and that the movement will fail unless hard and earnest work is done. As an evidence of his own earnestness and interest Dr. Harker stated that he would give \$6,000 of the sum needed. This means that friends of the college in Jacksonville must now rise but \$9,000 to complete the fund.

The announcement of Dr. Harker's generous pledge created a marked degree of enthusiasm among the workers and there was but one sentiment and that was that the money can and must be raised.

Dr. Harker has intended to give \$6,000 for the fund but he had expected this to apply on the \$180,000 which he must raise outside of Jacksonville before June 1st next.

It was definitely decided last night that a systematic canvass for funds will begin Monday, that persons who have not contributed will be interviewed and some of those who have made pledges will be asked to increase them. In fact a number of persons present last evening indicated that they were ready to give more than they had agreed to give and others agreed to be responsible for the raising of definite amounts. Other workers than those who could be present last night will be secured for the campaign and the general headquarters will be in the second story rooms of the Peacock Inn. Noonday luncheons will be served each day.

All preliminary arrangements will be completed today and the campaign will be on in earnest Monday.

SHURTLEFF IS
TAKEN INTO CAMP

ALTON TEAM DEFEATED BY ILLINOIS 31 TO 14.

Illinois College Basketball Team Wins Return Game by Good Score—Atchison Stars, Scoring 17 Points.

With the whole Illinois team playing in good form, Shurtleff college was taken into camp yesterday afternoon by the score of 31 to 14. The game was played on the Western Military Academy floor in Upper Alton. A large number of the cadets, together with the Shurtleff rooters, saw the exciting contest.

Although all of the Illinois men played well, the work of Atchison and Stewart at the guard positions was the feature of the game. Not only did they hold the Shurtleff forwards to one lonesome field goal, but they did the bulk of the Illinois scoring. Atchison simply ran wild. He secured five field goals, most of his shots for the basket being from difficult positions. He also demonstrated his ability as a free thrower by caging seven out of nine attempts. Atchison's playing, of whirlwind order throughout, frequently brought forth applause from the spectators.

Stewart secured four field goals, all of them the result of heady playing. Slipping down the floor at opportune times he was able to bag four goals on his unwary opponent. Knowing from previous experience that Gary and Capt. Jaccard are extremely fast and dangerous at all times, the Shurtleff guards stuck to them like glue. Both played a very fast game and fed the ball up so closely guarded. Tandy had an off day in basket shooting.

Whenever he took a shot the ball seemed to have an aversion to going into the basket. It frequently rolled around the ring, or balanced momentarily on the edge, and then fell outside the net.

Furr got into the game for only a minute but in that short time he succeeded in throwing a pretty field goal.

The Illinois players now feel that they have secured sweet revenge for the defeat handed them two weeks ago by the Shurtleff team on the local floor.

PHILOLOGIAN SOCIETY
ELECTS JOINT DEBATERS

Speakers Chosen Who Will Meet Team From Millikin University in March.

At the regular meeting of the Philologist society of Whipple academy held last night the following men were selected to represent the academy in the debate against James Millikin academy of Decatur, the debate to be held March 14. Clay Apple, Henry Hinton and Thomas Hayden. The members were selected from two teams which discussed the following subject: Resolved, "That the U. S. should continue their policy of protection to American industries as opposed to tariff for revenue only." The affirmative was upheld by Robert Capps, Harold Zercher and Thomas Hayden and the negative by Clay Apple, Henry Hinton and Louis Talbot, Jr. The decision was awarded the negative and Clay Apple, and Henry Hinton were chosen for the debating team with Thomas Hayden as alternate. The judges were President Rammelkamp, Dr. Tanner and Principal Weldon.

The first part of the program was dispensed with so that more time could be given to the debate. After the meeting the members, judges were invited to the dormitory where a lunch was served by Principal Weldon and Fred Bray in their suite of rooms.

DUNNE BELIEVES DEADLOCK
WILL SOON BE ENDED

Illinois Executive Made Statement Friday to This Effect.

Springfield, Feb. 21.—Governor Edward F. Dunne believes that the senatorial deadlock will be ended next Wednesday. He said as much this morning. He also believes that Colonel Lewis will get the long term and it is evident that he hopes the recommendations in his statement for an inter-party conference between Republicans and Democrats will be carried out.

The executive and Colonel Lewis had a long conference today at noon. They talked over the events of yesterday, when the election of Sherman for the long term and Funk for the short term failed only because the Progressives refused at the last moment to deliver their support. Plans for the coming week also were talked over. Colonel Lewis expects to remain in the city over Sunday in order that he may keep in close touch with the situation.

In spite of the refusal of the Lewis followers yesterday to accept the short term for Lewis, it is believed that he will accept the proposition when he finds that it is his only chance to go to the senate.

Although the arrangement between the Republicans and Progressives is off for the present, it is not impossible that it may be revived.

It is said today that the real reason for the dropping of the agreement by the Progressives, was the opposition in their own ranks to Funk.

Speaker McKinley left for the east today to fill a speaking engagement. He announced before departing that he would not take up the assignments on committees until he returns the first of next week. He hopes to have two or three of the more important committees ready for announcement next week. Not more than half a dozen members were in the city today.

MORTUARY**Blackburn.**

The funeral of Joseph Blackburn was held Friday morning at Ebenezer church, where notwithstanding the very bad weather and the heavy roads, there was a large assemblage to pay tribute to his memory. At the Blackburn residence Dr. J. R. Harker offered a prayer and then the funeral party moved to the church.

There the services were in charge of Rev. E. B. Houck, assisted by Dr. J. R. Harker and Rev. William Neil of Albion, Ia., a nephew of the deceased. Dr. Harker read several passages from Psalms and then Rev. Mr. Houck spoke in a very appropriate way, basing his remarks on a part of Gen. 25:8, "An old man and full of years." The text referred to Abraham and the minister went on to show how full had been the life of Mr. Blackburn in the strongest meaning of the words.

His life was full because of his honest toil. Empty indeed is the life of the idler, the life of that man who finds no joy in doing honest work with some definite motive in view. The usefulness of the life of the deceased also had much to do with his usefulness and in making his years on earth full. The solicitude that Mr. Blackburn felt for the salvation of others had much to do with the tenor of his life and possibly the most notable thing about his character was the close companionship he had with God. For him the veil which separates from eternity seemed very thin and often lifted and in a large measure the heavenly home was as tangible and real as are the things of this world to the average man.

The minister then spoke of emptiness and the tragedy of a life without faith and referred to a man he knew living in an Illinois city in the very shadow of a church, a man past ninety years of age but a man who is looking to nothing in the future and who considers the bible a mere myth and fable. The life of that man the minister said has been a long one but not a full one.

In opening his remarks Rev. Mr. Houck read a brief obituary of Mr. Blackburn. The deceased was born in Wath, Yorkshire, England in June, 1840 and when a child of two years came with his parents to this county and to the home where he spent all the other years of his life. He became a member of Ebenezer church in 1862 under the pastorate of Rev. Mr. Davis and during all the years afterward he was active in the work of the church and never failed to contribute largely to his time means and devotion. In 1870 he was elected an officer of the church and served in various capacities from that time until his death.

He is survived by one daughter, Miss Estella Blackburn and one son Edmund Leslie Blackburn and two brothers Edmund and George Blackburn of the Ebenezer neighborhood. After Rev. Mr. Houck had concluded Dr. J. R. Harker spoke briefly giving a message of comfort

and cheer to the sorrowing ones. He said too that he wanted simply to pay tribute to a friend of the deceased for he had known him for thirty years and during the past four or five years in a somewhat intimate manner and had come to have a great and abiding love for him. Dr. Harker spoke of the consecrated life of Mr. Blackburn and of how close the deceased walked with his God. Afterward Rev. William Neil a nephew of Mr. Blackburn told of how his uncle's advice and righteous example had influenced him largely in his life.

Several hymns which were favorites of the deceased were sung under the leadership of Charles A. Rowe including "Rock of Ages," "Nearer My God to Thee" and "Blest Be the Rightheous When He Dies."

From the church the casket was borne to the cemetery nearby and there was laid to rest. The bearers were nephews of the deceased, Frank Masters, Joyce Masters, Ernest Walter, Rev. W. H. Neil, Fletcher Blackburn and J. W. Walton.

In the going of Joseph Blackburn Ebenezer community had lost a member whose life has been a benediction to many. He had a kindly spirit, he walked humbly and intimately with his God and was a man of righteousness in all his dealings.

Koob.

Lester Koob, aged 8 years, died Friday morning at 6 o'clock at the School for the Blind. The deceased was subject to epilepsy since birth. He was born in 1904 in Napierville, DuPage county and came to the local school in September of last year. The remains were removed to the Reynolds undertaking establishment and the father is expected in the city this morning to take the body to Napierville for interment.

Cowdin.

Mrs. Lucinda Cowdin died at 2 o'clock Friday morning at the Jacksonville State hospital where for several years she has been a patient. She was a daughter of Mr. and Mrs. Zachariah Johnson and was born 68 years ago at the family home near Arcadia where she grew to womanhood. She was united in marriage with P. Cowdin and two children were born to this union. One, Miss Alma, is a resident of Jacksonville, the other one died in infancy. There is also surviving her, one brother, James Johnson of Arcadia, and one sister, Mrs. Mattie Henderson of Virginia. She was preceded in death by her brother, Henry R. Johnson and two sisters, Mrs. Margaret Thompson and Mrs. Naaman Kennedy.

Funeral services will be held at 2 o'clock this afternoon at Arcadia and interment will be in the cemetery near that place.

Matthews.

Brief funeral services for William W. Matthews were held Friday afternoon at Diamond Grove cemetery in charge of Dr. A. B. Morey. The services were private and there was a large number of beautiful flowers

which were cared for by Mrs. Arthur Masters and Miss Jessie Holmes.

Dunphy.

John Patrick Dunphy, the only son of Mr. and Mrs. James Dunphy, died Friday morning at 8 o'clock at the residence of his parents, 302 East Wolcott street, after a month's illness with bronchial pneumonia.

The deceased was born in this city Nov. 4, 1884, and received his education in the local parochial schools. He was for seven years employed in the C. P. & St. L. shops in this city, where he learned the trade of boiler-maker and was considered an expert in his chosen work. Three years ago he went to Argenta, Ark., and while there was employed in the boiler-making department of the Rock Island railroad shops at that place, and held the position of shop foreman. Four weeks ago he became ill with bronchial pneumonia and he returned to his home here about a week ago, accompanied by his mother and his cousin, Edward Shanahan. The deceased was a member of the Church of Our Savior and was a young man who was held in high esteem by a wide circle of friends, who will extend their sincere sympathy to the members of the family in their bereavement. He is survived by his parents and two sisters, Mrs. Mary Crammond of Springfield and Miss Margaret Dunphy of this city. He was preceded in death by two brothers.

Funeral services will be held Monday morning at the Church of Our Savior and interment will be made in Calvary cemetery. Friends are requested to omit flowers.

Young.

W. W. Young, Sr., of Litchberry, received a telegram Friday announcing the death of his daughter-in-law, Mrs. Bert Young, who passed away Thursday night at her home in Cripple Creek, Colo., after a two weeks' illness. She is survived by her husband and four children.

Funeral services will be held at Cripple Creek. Mr. Young, husband of the deceased, is a brother of Mrs. George Henderson, who died at Red Cloud, Neb., and who is to be buried this morning.

Grove.

Mrs. Theresa Grove died Thursday afternoon at 5:20 o'clock at the Jacksonville State hospital. The remains were taken to Williamson & Cody's undertaking parlors preparatory to burial. Burial will be made at Granite city. She was 58 years of age and a native of Germany.

SOCIAL EVENTS

Mrs. J. C. Fairbank entertained a company of friends Friday afternoon at her home on Grove street, the guest list being made up of friends who formerly resided in Joy Prairie, where Mrs. Fairbank was also a resident. A very delightful social afternoon was spent and refreshments were served.

Dr. and Mrs. F. A. McCarty entertained the Methodist pastors of the city and their wives at dinner Friday. The object was to prepare a program for the ministerial meeting which is to be held at Mercedia May 5 and 6. After the work was done a delightful social time was enjoyed.

Members of the South Side circle enjoyed a colonial tea at the home of Mrs. Nelson McMurphy Friday afternoon at her home on West College avenue. The home was very prettily decorated for the occasion with large and small flags and candles. All of the ladies were dressed in colonial costumes and after all of the guests had assembled the program of the afternoon opened with a grand march, led by Mrs. Ollie Parker, and while they were marching they sang "Dixie." A very entertaining program of colonial music and readings was given after which an elaborate luncheon in keeping with Washington's birthday was served. The program follows:

Solo, "When You and I Were Young"—Mrs. Julian Hall.
Reading, "Colonial Items"—Mrs. W. J. Winchester.
Solo, "Slow, Gently, Sweet Afton"—Mrs. Herman Weber.
Solo, "Billy Grimes, the Drover"—Mrs. J. W. Lane.
Reading, "The Ride of Jennie McNeal"—Mrs. E. F. Leonard.
Solo, "Oh Willie We Have Missed You"—Mrs. C. F. Ehnle.
Solos, "Nancy Till" and "My Love"—Joyce Carpenter.
Solo—Mrs. Robertson.
Piano solo, "Ben Bolt"—Mrs. William Hall.

CHESTER VAN WINKLE WINS IMPORTANT LAW POINT

Secured Acquittal of Client Charged With Murder on Insanity Finding in Another Case.

W. N. Haingrove is in receipt of a recent issue of the San Diego, Cal., "Evening Tribune" containing news of a recent legal triumph of Chester H. Van Winkle, a former resident of this city and a graduate of Illinois College in the class of 1908. Mr. Van Winkle who is one of the successful young lawyers of San Diego, was attorney for Hubert Lewis who killed C. H. Toliver and Mrs. Toliver. The Toliver murder was a double tragedy, the husband and wife having been killed within five minutes of each other.

Lewis was tried for the murder of Mrs. Toliver and acquitted on grounds of insanity. When the defense was arraigned for the killing of the husband, Van Winkle maintained that since the court had adjudged Lewis insane for the shooting of Mrs. Toliver, he was according to all precedents to be considered insane at the time he murdered Toliver himself.

Judge Sloan upheld this position and Lewis was acquitted. In rendering the court's opinion, Judge Sloan said that "Since the killing of C. H. Toliver occurred within a very few moments of the killing of Mrs. Toliver, and since the state had adduced no proof that Lewis had regained sanity in those few moments then the verdict of insanity in the former trial would apply equally as strong in the case at hand." In support of this decision the judge reviewed two like cases which Mr. Van Winkle had brought forward, one a decision of the supreme court of Illinois, the other the supreme court of New York in the Thaw case.

Mr. Van Winkle's success is very gratifying to his Morgan county friends.
